Statute or cause creating Regional Advisory Board: N.C.G.S. §122C-118.1

Brief on the functions: The primary functions of the Regional Advisory Board will be to advise the Area Authority Chief Executive Officer on the evaluation and hiring of a Regional Director; recommending priorities for expenditure of state and county funds for development of the annual budget; determining local priorities for inclusion in the overall strategic plan; identifying community needs and concerns; monitoring resolution of issues; and monitoring performance at the local level, including access to care, expenditure of service funds, number of consumers served, services delivered, provider network size and composition, outcomes, and consumer satisfaction.

Each Regional Advisory Board will establish its own bylaws based on local needs, but in compliance with standardized requirements established by the Governing Board for quorums, frequency of meetings, elections of officers, duties of members, committees and committee appointments, and attendance standards. Such bylaws are subject to the approval of the Governing Board.

Each Regional Advisory Board will select four (4) members to serve as the Area Authority Governing Board: one county commissioner, the Consumer and Family Advisory Committee chair or designee, and two other members. In addition, the chair or designee of the Area Authority Network Council shall serve on the Governing Board as a non-voting member. The county commissioner members of the Governing Board shall serve one three-year term without consecutive reappointment, so that commissioner representation on the Governing Board will rotate among the counties in each region. The other members of the Governing Board may serve three, three-year terms. To achieve maximum geographic representation, other than the Consumer and Family Advisory Committee chair, the other Regional Advisory Board members selected for the Area Authority Governing Board shall be from different counties.
